This number contains the Volume Index

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 3, containing the entries for musical compositions and dramatico-musical compositions, is issued monthly. The entries are arranged alphabetically by titles, with the exception of classical music, collections having general titles, such as "Fünf studien," "12 études élémentaires," etc., and music the title of which is the name of a class, without differentiating words (e. g., "Waltz," "Étude," etc.), which are arranged under the name of the composer instead of the title.

Piano music is understood to be for two hands unless otherwise stated. Songs are understood to be with piano accompaniment unless otherwise stated. Titles reading "Words by," "Music by," are to be understood as songs.

Under the act of March 4, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the Copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "E," Class E, Musical compositions; "D," Class D, Dramatico-musical compositions; "©," implies copyright registration of a published composition, followed by date of publication; "© 1 c.," stands for copyright of an unpublished work followed by date of receipt in the Copyright Office of the printed or manuscript copy, and "2 c.," for 2 copies, followed by the date of their receipt. In case of contributions to periodicals only one copy of the issue or issues containing such contributions is required.

A list of the copyright renewals and extensions made for musical compositions under section 24 of the act of March 4, 1909, will be found at the end of this issue immediately following the text.

A list of the musical compositions and dramatico-musical compositions used or licensed to be used for the manufacture of parts of instruments serving to reproduce mechanically the musical work, recorded under section 1 (e) of the act of March 4, 1909, will be found just prior to the index.

Each issue has an index to composers. The final number, completing the volume, will be followed by a full annual index to both composers and proprietors. RECIPROCAL PROTECTION OF MUSIC AGAINST UNAUTHORIZED REPRODUCTION BY MECHANICAL MUSICAL INSTRUMENTS.

The United States now has reciprocal copyright protection of music against unauthorized reproduction by mechanical musical instruments in the case of Belgium, Cuba, Germany, Hungary, Luxemburg, and Norway. The President signed proclamations to this effect on the following dates: Belgium (June 14, 1911), Cuba (Nov. 27, 1911), Germany (Dec. 8, 1910), Hungary (Oct. 15, 1912), Luxemburg (June 14, 1911), Norway (June 14, 1911). These proclamations were printed on pages v-x of Part 3, volume 6, no. 7, and page iv of No. 12, of the Catalogue of Copyright Entries. The proclamation relating to Hungary contains the Convention which went into effect Oct. 16, 1912, was printed in the Catalogue, Part 1, group 1, pages xiii-xiv.

From information received through the Department of State, the legislation of the following countries did not on the date stated, fulfill the reciprocal conditions specified in the proviso to section 1 (e) of the act of Congress of March 4, 1909: Austria (Mar. 10, 1911), Denmark (May 19, 1911), Italy (Aug. 8, 1911), Mexico (May 8, 1911), the Netherland (Mar. 3, 1911), and Switzerland (Apr. 8, 1911).

COPYRIGHT ACT OF MARCH 2, 1913.

AN ACT To amend section fifty-five of "An act to amend and consolidate the acts respecting copyright," approved March fourth, nineteen hundred and nine.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled. That section fifty-five of the act entitled "An act to amend and consolidate the acts respecting copyright," approved March fourth, nineteen hundred and nine, be amended to read as follows:

"SEC. 55. That in the case of each entry the person recorded as the claimant of the copyright shall be entitled to a certificate of registration under seal of the copyright office, to contain the name and address of said claimant, the name of the country of which the author of the work is a citizen or subject, and when an alien author domiciled in the United States at the time of said registration, then a statement of that fact, including his place of domicile, the name of the author (when the records of the copyright office shall show the same), the title of the work which is registered for which copyright is claimed, the date of the deposit of the copies of such work, the date of publication if the work has been reproduced in copies for sale, or publicly distributed, and such marks as to class designation and entry number as shall fully identify the entry. In the case of a book, the certificate shall also state the receipt of the affidavit, as provided by section sixteen of this Act, and the date of the completion of the printing, or the date of the publication of the book, as stated in the said affidavit. The register of copyrights shall prepare a printed form for the said certificate, to be filled out in each case as above provided for in the case of all registrations made after this Act goes into effect, and in the case of all previous registrations so far as the copyright office record books shall show such facts, which certificate, sealed with the seal of the copyright office, shall, upon payment of the prescribed fee, be given to any person making application for the same. Said certificate shall be admitted in any court as prima facie evidence of the facts stated therein. In addition to such certificate the register of copyrights shall furnish upon request, without additional fee, a receipt for the copies of the work deposited to complete the registration."

Approved March 2, 1913.
